conservation of a sound and sane partition. He is a brilliant speaker, a profound jurist, a polished and lovable gentleman of the old school of Kentuckians. He comes from a family of lawyers and statesmen who have been distinguished throughout Kentucky for a century. From every possible standpoint of view Mr. Stone fills the eye and rejoices the heart of democrat and independent, not only in the district but all over the State. Should he be elected to Congress every interest of the district will be guarded and every individual who gave to him his vote will have reason to be proud of the act.

For Judge Fifth Appellate District.

JUDGE JAMES E. CANTRILL,

Of Georgetown.

DURING the year just ended 47,374 persons were added to the pension rolls and 43,820 pensioners died. It is the first year since the pension hold got so strong that the deaths exceeded the additions, but it would seem that such result would be largely looked for hereafter. There are now 997,752 names on the rolls and pension payments on account of them were \$144,712,787. More than all the expenses of the government formerly were.

MARYLAND gave McKinley 13,941 majority in 1900 owing to the free silver scare, which the sound money league, which was composed almost exclusively of bankers and financiers of the democratic party did its utmost to inspire. The league will not be reorganized this year. Mr. Nelson, of the banking house of Hamilton & Co., explains that there is no occasion for it and Maryland is as safe for democracy as Kentucky.

HON. DAN L. MOORE is out of the race for Congress, leaving a clear field to Hon. George G. Gilbert. He states in a card that he "prefers to retain his self-respect and lose an office, rather than lose his self-respect and gain an office." We suggest that the genial gentleman furnish a diagram to his friends in this end of the district. They don't exactly catch on to what he is hitting at.

CONGRESSMAN GRIGGS, former chairman of the democratic Congressional committee, who has just returned from a trip through the West, does not regard that section as hopelessly republican by any means. He believes the chances favor the democrats in Montana, Colorado and Nevada and that they will gain Congressmen in other States.

REPUBLICANS of this Congressional district will meet at Nicholasville Sept. 14 to name a candidate for Congress. County conventions will be held Sept. 10. J. Brutus Clay, of Madison, will likely be the lamb for slaughter.

AS in direct answer to Secretary Shaw's prayer to be saved from an era of low prices, the price of bread has advanced one cent per loaf. Thus are the people blessed with republican prosperity and the flour trust.

THE Courier Journal is real mean. It promised to tell the people what the Woggle Bug said but it has decided to withhold the important information a week more. Some of us will die if we have to wait much longer.

DAVID B. HILL gives out the sad information that he will quit politics Jan. 1st. 'Tis a pity for him to quit just as he is getting on the right side again. Four or eight years ago it would not have been so bad.

OF 80 New York democrats of prominence who voted for Palmer and Buckner in 1896, the World finds only one who is for Roosevelt in this campaign. This does not look like bolting.

POLITICAL.

L. P. Harlan, of Indianapolis, was nominated for Congress on the first ballot by the Democratic District Convention.

At the opening of the campaign in Brooklyn by the King's County Democratic Club, Senator Joseph W. Bailey, of Texas, was the principal speaker. Gov. Beckham appointed John B. Shely County Judge of Anderson county to succeed Judge Odel. Judge Shely will serve under the appointment until November, 1905.

The republican State central committee has been called to meet at Louisville Sept. 5 to settle the Hunter-Edwards controversy over the Congressional nomination in the 11th district.

President Roosevelt within the next three or four days will have put the finishing touches on his letter of acceptance. The date of its publication probably will be Monday, September 12, and it will contain approximately 12,000 words.

George Stone, of Monticello, Wayne county, was nominated for Congress by the most enthusiastic convention of Democrats which has assembled in the Eleventh district in many years. Predictions of his election are based on the growing disaffection in Republican ranks.

With so excellent a candidate as Hon. George E. Stone, who is a man of spotless reputation, unswerving party loyalty and a speaker of power and eloquence, the democrats have a fine chance of electing a Congressman in the 11th district, which is rent and torn by republican factions—Lexington Democrat.

Secretary Shaw, of the United States Treasury, predicted that there would be a surplus of \$14,000,000 by June 30, last, the end of the fiscal year. This was a political feeler, uttered for political purposes. As a matter of fact there was a deficiency of \$41,000,000 which the secretary is unable to account for. This makes no difference, however, to a republican administration which has been noted for its wilful waste of public funds and what the odds so long as they are happy.

The big bull snake that has been causing such alarm in the Poplar Creek neighborhood, six miles south of here, has been cornered and killed by a man named Pope. The snake measured 10 feet in length. The reptile had been seen at various points along the Cumberland river at various times this year and at one time was cornered while chasing pigs, but managed to elude the two men who encountered it. It never showed fight save when attacked.—Barbourville dispatch.

After the family and all the neighbors in and around Flatwoods, Garrard county, had searched 24 hours for Maggie Collett, the 10 year-old daughter of Thomas Collett, she was found hiding in a cane brake near her home. When found the child gave as her reason for running away that her father had threatened to whip her. Soon after she disappeared her bonnet was found in the woods torn in shreds and foul play was suspected. A neighborhood fortune teller was interviewed and she told that the child had been drowned. The news soon spread throughout the section and searching parties organized and spent the night in the woods. No clue could be obtained until the bloodhounds arrived and set out on a trail, which led to the discovery of the little girl hiding in a canebrake.

Certainly there is no more popular bank officer nor one who has done more for the young men of his section than he has. Many a struggling youngster has been helped substantially by him and never was he known to turn a deaf ear to a person in distress. While successfully managing the affairs of his bank, Dr. Owley has materially helped mankind and numbers of people in this and adjoining counties owe their success in life to the start furnished by him. INFORMAL OPENING of the Stanford Male and Female Seminary Friday evening, 8 P. M., Sept. 2nd, in the Seminary Chapel. A short musical program furnished by the principal and wife. All are invited. Oscar B. Farris, Principal.

THE trustees of the Graded School have elected Miss Flora Bryson, of Sparta, S. C., to fill the chair made vacant by Mrs. J. C. McClary's resignation and Miss Helen Glenn Madors, of Lexington, to succeed Mrs. M. J. Cochran, who also resigned. School will begin a week from next Monday, Sept. 12.

CROWDS estimated at from 5,000 to 8,000 attended each day's exhibition of the London fair and enjoyed to the fullest extent the good show of stock and the many special features given. With Mr. J. T. Williams president, Ed A. Chilton, secretary, R. M. Jackson, general manager, and John Pearl, ring master, the fair could have been nothing short of a success. Splendid order was preserved throughout and everybody had a good time. One of the most interesting rings was the fancy turnout contest. There were eight entries—all magnificent rigs with high-stepping steeds hooked to them. R. M. Jackson and Mrs. Carahan, the latter of Toledo, O., won the blue and Roy S. Beazley, of this county, and Miss Clara Jackson, of London, the red. Another contest of interest was the woman's driving ring. Seven or eight drivers acquitted themselves creditably but Mrs. Parseeley, of London, and Mrs. Miller, of Richmond, were awarded the first and second prizes, respectively. While this ring was being shown the rigs of Mrs. John W. Baile and Miss Williams collided and both of the ladies were thrown out, but we are glad to state that neither was hurt. One of the most successful horsemen present was M. L. Pearce, of Lebanon Junction. His stable consists of Eagle Boy, a fine combined stallion, Glasgow, a combined gelding—a good actor and a well educated horse, Kitey, a spirited spotted Arabian pony, a pacer, a walking mare, Reuben H., a good four-year-old, Bonnie Cherry, another walking mare, and Sam Terry, a great combined gelding. He got 18 blue ties and an armful of reds. Roy S. Beazley shows his horses and does it well. Each afternoon had a varied program presented by a Hippodrome company of chariot races, Roman standing races, running races, dog races, etc., all of which were thoroughly enjoyed. The fair was a great success from every point of view.

LIFE SENTENCE—John Metcalf, for killing his brother, Ben Metcalf, was given a life sentence by the Garrard circuit court Saturday afternoon. Six of the jury were for the death sentence, says a dispatch from Lancaster. The killing resulted from the return of Jono Metcalf from Missouri to make his home on his father's farm after an absence of nine years. Ben Metcalf had been living on the farm and resented his brother's return. It was proven that John Metcalf went to Richmond and purchased a pistol and the next evening shot his brother to the presence of his father, mother, his wife, his brother's wife and their children.

WATERS.—Mrs. Evan Waters died at her home on the Danville pike, four miles from that place, at an early hour Friday morning, aged 84. The burial took place in Buffalo cemetery Sunday after a beautiful funeral discourse by Rev. O. M. Huey at the Baptist church. In speaking of her the Danville Advocate says: "Her maiden name was Miss Sallie Cook, and she was the last survivor of the 10 children of George Cook, at one time a prominent resident of this county. Mrs. Waters was born in sight of the present residence on the Stanford pike, where she has spent her entire life. When 14 years of age she joined the Old Providence church and was baptized by Rev. John Higgins, who afterwards performed her marriage ceremony. Her membership remained there until 57 years ago, when at the establishment of the Stanford Baptist church she became a charter member and was the last survivor of the 10 charter members of that church, of which she was ever afterwards a faithful member."

LIVER TROUBLES

"I had Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$200 with doctors. It is the best medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to equal it."—WILLIAM COFFMAN, Marshfield, Ill.

Resolutions of Respect.

Be it resolved by the McKinney Baptist church in session this, Aug. 26th, 1904, that:

WHEREAS it is the will of God in His divine wisdom to greatly afflict our worthy brother, W. R. Gooch, of Somerset, by the serious illness of several members of his family and the death of his most estimable wife, that we do hereby lovingly extend our sympathies and heartily commend him to the Heavenly Father in this time of need.

Be it further resolved that as an additional expression of our regard for a grief-stricken member of this body that these proceedings be made a part of the records of the church and that a copy be sent for publication to the Western Recorder, Baptist Argus, INTERIOR JOURNAL and the Somerset Journal. D. S. Riffe, church clerk.

Taken with Cramps.

Wm. Kirmse, a member of the bridge gang working near Littleport was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines—Eld. Adair, Iowa, Argus.

This remedy never fails. Keep it in your home. It may save life. For sale by all druggists.

THE STATE COLLEGE OF KENTUCKY,

Lexington, Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a Master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly 50 professors and instructors.

County appointees receive tuition, room and board, fuel and light, and if they remain to months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. The legislature appropriated \$50,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college" is the only institution in the Commonwealth doing in any proper sense, university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the state offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to
